Steeple Sounds

From the Desk of the Reverend

Recently, someone asked me to recommend a Bible. This is a request that comes up every few months and I'm always excited to help. With Valentine's Day around the corner, consider giving the gift of the Gospel to those you love! Here are my recommendations:

4-8 years: Spark Story Bible

By: Patti Thisted Arthur

A fabulous Bible for parents/guardians to read to young children to "spark" excellent faith questions and discussion.

9-12 years: NIV Adventure Bible

Richards, Lawrence O. (Editor)

This is known at our church as "The Third Grade Bible". Children receive it as a gift from the church when they are in the Third Grade.

13-18 years: NRSV Student Bible

Yancy, Philip (EDT) / Stafford, Tim (EDT)

This is the Bible we give our confirmation classes and our youth. It includes historical tidbits and age appropriate commentary.

For the Academic (19+): The New Oxford Annotated Bible, NRSV with the Apocrypha

Coogan, Michael D. (EDT) and Brettler, Marc Zvi (EDT)

This version includes maps, diagrams, essays on translation, as well as cultural and historical background.

For the Seeker: Common English Bible for Daily Prayer

A devotional Bible for personal reflection or small group study. Includes resources for strengthening prayer practices, conversing with God, engaging practices from around the world, and much more.

For the Lego Maniac: The Brick Bible (Old and New Testament)

By: Brendan Powell Smith

A book for older children, teens, and adults, the "Brick Bible" portrays the stories of the Bible in comic-book style frames, using Legos.

Peace,

Rev. Beth

News From Sunday School

Keeping Hope in the World

We live in a world where we are saturated with news from here and around the world. Our news sources are multiple whether it be from TV, the computer, our cell phone or just talking to family members or friends. The news can be positive, but unfortunately it is mostly negative. As a result our world today presents its self in a very fearful way. We try to protect our children from being saturated with all this negative information and we think we are doing a good job. Children, though, have a way of being able to focus on multiple tasks at once. They can be playing a video game and at the same time listening to and digesting what they are hearing. They demonstrate through their play how they are coping with the stresses in their lives. So how do we keep our children free from distressful information and feeling calm and safe?

We begin by offering opportunities for conversation. Sitting together at the dinner table affords a time to discuss, as a family, a wealth of topics. My son always wanted to talk while I was driving him somewhere in the car providing a one on one opportunity. Transporting your child and their friends is a wonderful time to hear their conversations and what is on their minds. The important task you have as a parent is to be a good listener. Quite often your child may just want to be heard and not necessarily want to hear a lecture. What do we do with all this information you have gained by your observations and conversations?

Showing your child how to relax and enjoy life is so important to their wellbeing. A good way to begin is by experiencing God's world. Inhaling that first cleansing breath when you first walk outside seems to have a calming effect. A walk in the woods, taking time to recognize all the gifts that nature provides. Going sledding on the new fallen snow can be such a stress reliever especially when your child begins yelling and screaming as she races down the hill. Building a snowman and having your child use his imagination to find all that is needed to give his snowman a personality can give your child such satisfaction. Presenting a different view of the world can make a difference in your child's emotional well-being. It changes the world's image from despair to hope.

Heifer Celebration

This past Sunday the Living Gift Market was such a success. While church was under-way the children experienced such community downstairs in the fellowship hall as they prepared for the event that would take place following church. I saw children lying on the floor drawing pictures to be sold and making signs for their tables. It was such a beehive of activity as all the children were busy preparing and placing out their food to be sold, setting up games to play, and checking out each other's tables. You could feel the excitement build as the children and youth waited for church to finish. The Heifer bank totals for the day were added onto each classes thermometers and the children began to have hope that maybe their lofty goals they had set this year would be reached. I saw many satisfied, happy customers taking home sweets such as sheep cupcakes and bite size chocolate goodies and spicy chicken wings. Others prepared for their Super Bowl guests with purchases of cheese platters and buffalo chicken dip as they visited grades 7 through 12 who were sponsoring Cheeses of the World. Grades 3 & 4 were so excited at the end of the market when they discovered they were only \$13.00 from their goal of buying trees and sheep. Return those banks still at home 3rd and 4th graders. You just might make that goal. Have you ever bowled with a sheep or rode a llama? And speaking of a llama I thing I saw llama poop? What a fun and exciting time for all. **CHILDREN, KEEP RETURNING THOSE BANKS. YOU ARE ALL SO CLOSE TO YOUR GOALS.** Watch next month for class totals and the animals the children were able to sponsor with your help. Thank you all for your support. You helped to make it a wonderfully, successful day. If you would still like to donate there is still time.

Faithfully yours,
Terry Reynolds
